

HARDWARE LIST

ADDITIONAL TOOLS (Not Included): Drill gun is required.

<p>#1</p> 	<p>#2</p> 
<p>Self-tapping Screw 2 PCS (Extra 1)</p>	<p>Flat Washer 2 PCS (Extra 1)</p>

IMPORTANT: If unit is assembled, please disassemble marble top (part A) and top frame (part B) before continuing.

Step 1. Lay top frame (part B) upside down. Mark where holes will be drilled, the holes need to line up with holes on Hutch bottom frame (part G). On a sturdy surface, using a drill gun, screw self-tapping screws (part #1), flat washers (part #2) and L connectors into top frame (part B).
